BACKGROUND

I am a graphic designer with a Master Degree in Business Management (Universitat de Barcelona), a Postdegree in Ecommerce (Seeway) and a Master Degree in Graphic Design and Digital Art (Seeway).

I also have a Degree in Education which allowed me to teach design in different schools in Barcelona. I just finished Ironhack Web Development part-time learning full stack technologies, I believe that both, my design experience aligned with my education in Full-Stack Development will allow me to grow into a more proficient and complete designer professional.
